

ODELE CHIBUIKE

FRONTEND DEVELOPER

Education

University of Nigeria

Estate Management

2024

Projects

Personal Portfolio Website

Tech stack: HTML, CSS, React

- Designed and developed a responsive portfolio website showcasing my projects and skills.
- Integrated a contact form with email notifications using EmailJS.
- Implemented smooth scrolling, responsive navigation.

E-commerce Product Page

Tech stack: React, CSS

- Built a dynamic product page for an e-commerce site with features like product filtering, image gallery, and real-time cart updates.
- Utilized React hooks for state management and modular CSS.

Enthusiastic and creative Front-End Developer with experience in building responsive and user-friendly websites. Adept in HTML, CSS, JavaScript, and modern front-end frameworks such as React. Eager to contribute to a dynamic development team and grow professionally by creating engaging user experiences.
